EXPLANATION

I hereby authorise the person named above to conclude all trading activities possible within the scope of the commercial relationship with FXFlat. The power of attorney applies exclusively to the above account.

Notice: under § 63 (10) of the Securities Trading Act, FXFlat

Bank AG is required to ask the persons acting on its behalf (authorised representatives) about their knowledge and experience with regard to specific types of financial instruments or securities services.

SCOPE OF POWERS

In detail, the following regulations apply:

The authorised representative may execute all actions in my name which are connected with the commercial relationship with FXFlat Bank AG, to the extent that these are covered by the scope of the power of attorney.

1. Scope of the power of attorney

This power of attorney authorises in particular the opening and closing of trading positions as well as the disposal of the trading account. The authorised representative is also entitled to receive, examine and acknowledge account statements, statements of account and other notices and documents issued in connection with these transactions on my behalf, including in electronic form. They may also specify and change an email address intended for receiving this information.

This power of attorney does not authorise the opening of further trading accounts or the closing of existing trading accounts.

The authorised representative is only entitled to close the accounts after the death of the account holder.

2. Duration of the validity of the power of attorney

The power of attorney does not expire on the death of the account holder; it remains in force for the heirs of the respective deceased account holder.

3. Revocation of the power of attorney

The power of attorney for trading transactions may be revoked by the account holder at any time. If the account holder revokes this, he has to inform FXFlat Bank AG immediately and for reasons of proof in writing. Revocation by one of several heirs will cause the power of attorney to lapse only for the revoking heir. The proxy can then only make use of the power of attorney together with the revoking party. FXFlat Bank AG may demand that the revoking party identifies itself as the heir.

4. Sub-authorisations

The authorised representative is not entitled to grant sub-authorisations.

5. Personal access data

The authorised representative receives personal access data for the trading account, which serve to identify him. A change is possible at any time. The authorised representative must ensure that no other person gains knowledge of his access data. Together with the written notice of the access data, the authorised representative receives further security instructions which he must observe.

TRADING

FXFlat is required, when executing securities services according to § 63 para. 10 WpHG, to request information from all account holders and authorised representatives about their knowledge and experience with such securities transactions. Providing this information is voluntary and in the best interest

of the Client and the agent. If this information is no longer applicable, please inform FXFlat Bank AG so that the data can be updated. In principle, the same conditions apply to the allocation of a power of attorney that the acting person must fulfil when opening the account.

Applicable conditions, fees and charges

The agreements made between the Client and FXFlat Bank AG at the time of the opening of the trading account, the list of prices and services as well as the information on contracts for financial services concluded at a distance or outside business premises including the revocation policy of FXFlat Bank AG, available at www.fxflat.com, will apply.

In addition, the Special Conditions, basic and risk information applicable to the trading account apply.

Declaration on data storage and transmission

FXFlat Bank AG is legally required to determine the name and address of the authorised representative. Therefore, it will store this data.

Scope of the power of attorney and applicable Terms and Conditions

In addition to the regulations listed here for the power of attorney, the General Terms and Conditions of FXFlat Bank AG apply, which must be presented to the authorised representative by the account holder.

Consent to the recording of telephone conversations

The FXFlat Bank AG is entitled to record all telephone conversations of the authorised representative with the FXFlat Bank AG and to keep them for a period of at least 5 years in accordance with § 83 para. 8 WpHG.

The records are used to prove the content of telephone conversations in the event of complaints or other disputes. In such cases, the retention period will be extended, where appropriate, until the final closure of the matter.
