

CANCELLATION RIGHT

You can revoke your contractual declaration within 14 days without giving a reason by a clear declaration. The period begins after receipt of this instruction on a permanent data medium, however not before the contract is concluded and also not before our fulfillment of our information obligations in accor-

dance with Article 246b § 2 paragraph 1 in conjunction with Article 246b § 1 paragraph 1 EGBGB. To meet the cancellation deadline, it is sufficient to send the cancellation in good time if the declaration is made on a durable medium (e.g. letter, fax, email). The revocation must be sent to:

CONSEQUENCES OF CANCELLATION

In case of an effective cancellation, the services received on both sides must be returned. You are only obliged to pay compensation for the service provided until the revocation if you were advised of this legal consequence before submitting your contractual declaration and have expressly agreed that we will start to perform the consideration before the end of the revocation period. If there is an obligation to pay compensation, this may mean that you still have to meet the contractual payment

obligations for the period up to the revocation. Your right of withdrawal expires prematurely if, at your express request, the contract is fulfilled in full by both parties before you have exercised your right of cancellation. Obligations to reimburse payments must be fulfilled within 30 days. The period begins for you with the submission of your cancellation, for us with its receipt.

I / We have taken note of the cancellation policy and consequences of the cancellation and request that a deposit be opened immediately.

I / We expressly agree that the execution of the consideration will begin before the end of the cancellation period.
